Coffee will be provided all weekend. There is no potable water on site. Please bring your own water/drinks and be advised that there is a grocery store 2.6 miles from Jolly Ranch for supply runs.

Donations are encouraged to support meals and coordination of events. However, no one will be turned away. The first rule of Jolly Ranch is to leave the area cleaner than how we found the private land. To ensure this goal we recommend the following:

- Be prepared to pack out what you pack in
- Please bring utensils, dishes and drink containers that can be washed (See you Thursday will provide a washing station)
- Campfires are allowed but no fireworks
- Dogs are allowed. We recommend that if your dog is not friendly or can't be off leash with other dogs to leave your pet at home. If there are any pet related incidents the pet will be asked to be returned home.
- If you are smoking pack your butts off property

If you have any lingering questions please reach out to our Camp Wrangler Harrison M at 970-379-5928 or Co-chair wrangler Michael C 970-309-1543
